FOR IMMEDIATE RELEASE:

RANSOHOFF INTRODUCES THE CELL-U-CLEAN CELL JET WASHER FOR BATCH PARTS CLEANING APPLICATIONS

May 12, 2021 – Cincinnati, OH

Ransohoff, a division of the Cleaning Technologies Group LLC, has introduced its Cell-U-Clean Cell Jet spray cabinet. This new small footprint platform provides an energy efficient, reliable solution for your high-volume cleaning needs, along with an innovated design for those smaller part cleaning applications.

The Cell-Jet, a member of our Cell-U-Clean line of parts washers, is an excellent cabinet washer for point of use, batch cleaning where very little floor space is available. This spray washer was designed as a lower cost, industrial quality wash station utilizing spray impingement and compressed air to clean and dry your parts. The option for robot loading and unloading makes it a great choice for cell applications where cleaning specification are critical to the application. A heated blowoff option is available when a dry part is required.

The new Cell-U-Clean Cell Jet is a wash and blow-off machine in a small footprint of 5 ft. wide x 8 ft. long x 9 ft. tall. The work envelope is 36" Diameter x 24" High and comes with a variable speed table drive. The Cell-U-Clean Cell Jet is constructed of all stainless steel and comes with a robot loading option. The new Cell-U-Clean Cell Jet comes standard with the industry leading 3-2-1 warranty.

For more information about the Cell-U-Clean Cell Jet, visit <https://www.ctgclean.com/cell-u-clean-cell-jet>
