FOR IMMEDIATE RELEASE:

RANSOHOFF INTRODUCES THE CELL-U-CLEAN MINI JET WASHER FOR HIGH VOLUME PARTS CLEANING APPLICATIONS

April 14, 2021 – Cincinnati, OH

Ransohoff, a division of the Cleaning Technologies Group LLC, has introduced its Cell-U-Clean Mini Jet spray cabinet. This new small footprint platform provides an energy efficient, reliable solution for your high-volume cleaning needs, along with an ~~innovated~~ innovative design for those smaller part cleaning applications.

The Mini Jet, a member of our Cell-U-Clean line of parts washers, is an excellent cabinet washer for both small and large parts up to 500 Lbs. where floor space comes at a premium. This spray washer was designed as a high-capacity solution with low energy, as an alternative to our heavy-duty cabinet washer product line. The rotary hide away door eliminates the extra floor space required for the door swing while ensuring a dry floor when loading and unloading.

The new Cell-U-Clean Mini Jet is a wash and blow-off machine in a small footprint of 5 ft. wide x 8 ft. long x 7.6 ft. tall. The part production rate is 60 seconds cycles, with a variable speed table drive. The Cell-U-Clean Mini Jet is constructed of all stainless steel and comes with a robot loading option. The new Cell-U-Clean Mini Jet comes standard with the industry leading 3-2-1 warranty.

For more information about the Cell-U-Clean Mini Jet, visit <https://www.ctgclean.com/cell-u-clean-mini-jet>
